

**Community Behavioral Health: Provider Notification  
MRPPF Publication  
January 11, 2016**

The Manual for Review of Provider Personnel Files (MRPPF), Draft Version 1.2, was posted to the CBH website on April 27, 2015. The comment period ended June 8, 2015. Feedback was provided by 14 CBH provider agencies and the Philadelphia Coalition. The CBH Compliance Team will finalize the revision in 2016, while ensuring that provider comments to the draft are considered and the latest State regulations and guidelines are being incorporated. Changes around clearance requirements and Child Protective Services trainings are among the revisions to the MRPPF. In the meantime providers should check CBH Bulletins section of the DBHIDS website for updates. The provider comments can be viewed on the [CBH Compliance page of the DBHIDS website](#).
