

**Community Behavioral Health: Provider Notification
CBH Administrative Offices Closed for 20th Anniversary
January 26, 2017**

CBH administrative offices will be closed Wednesday, February 1, 2017 in recognition of our 20th anniversary.

As CBH celebrates 20 years of uninterrupted service to the community of Philadelphia, we would like to take this opportunity to thank our provider partners for helping us make the past 20 years so successful. We look forward to our ongoing partnership to support the wellness, resilience, and recovery of all Philadelphians. The Psychiatric Emergency Service (PES) and Member Services will be fully operational and will not be impacted by the administrative office closure.
