

**Community Behavioral Health: Provider Notification
P4P Advisory Committee Selection
March 7, 2017**

On February 8, 2017, an email was sent to all Executive Directors formally announcing the upcoming formation of a Pay-for-Performance (P4P) Advisory Committee. In this announcement, providers were asked to submit by Friday, February 17, 2017 names and contact information of staff members who would be interested in participating in the committee. Following this announcement, CBH received a high number of staff members proposed for participation in the committee. In order to ensure the committee is effective and efficient, we must limit the number of participants. Please note that not every provider agency could be offered the opportunity to participate given the volume of responses. We aimed to ensure a broad representation of individuals across providers and levels of care, capturing the diversity of our network. Selected organizations were limited to one staff member who plays a role in quality, performance improvement, or compliance. The staff members selected will receive direct correspondence inviting them to the first Advisory Committee meeting. Please contact Susanna Kramer at susanna.kramer@phila.gov if you have any questions.
