

## Provider Bulletin 19-12 August 8, 2019

### Children's Mobile Intervention Services (CMIS) Reimbursement

This Bulletin serves to clarify reimbursement for Children's Mobile Intervention Services (CMIS). The Department of Behavioral Health and Intellectual disAbility Services (DBHIDS) and Community Behavioral Health (CBH) will *only* reimburse in-network providers for CMIS when delivered to CBH members, youth who are uninsured, and youth who are undocumented.

Providers are encouraged to contract directly with other payors to ensure they can continue to serve *all* Philadelphia youth, regardless of insurance coverage. Children's Mobile Crisis Teams (CMCT) and crisis walk-in services, such as the Philadelphia Children's Crisis Response Center (PCCRC), will continue to be a resource for *all* Philadelphia youth experiencing a behavioral health emergency.

**Effective October 1, 2019**, providers are expected to connect any private insurance referrals to their respective payor to assist families in accessing available resources within their provider networks.
