

August 2020		
Guest Lecture Series: Narratives and Trauma Healing	Thursday, August 13 1:00 pm to 2:00 pm Register here	Dr. Meagan Corrado will present "Narratives and Trauma Healing" which speaks to the power of narratives in work with trauma survivors. This talk will focus on how narratives have the capacity to break through walls of avoidance and fear and provide space to grapple with the good and the bad. Narratives provide a container for our experiences; provide an opportunity to engage in creative play; and provide an opportunity for growth, change, and empowerment.
Medication Assisted Treatment (MAT) During COVID-19	Tuesday, August 18 1:00 pm to 2:00 pm Register here	Dr. Kyle Kampman from Penn's Perelman School of Medicine will present on Medication Assisted Treatment (MAT) for Opioid Use Disorder (OUD) and answer questions about the growth of the opioid epidemic. Dr. Kampman will discuss updates on the best treatment practices for individuals experiencing OUD and how to safely continue those treatments during the COVID-19 pandemic.
Immigration 101 for Providers presented by HIAS Pennsylvania and PACTS	Thursday, August 27 9:30 am to 11:00 am Register here	The objectives for the Immigration 101 training are: (1) understanding the immigration process (2) understanding the barriers immigrant youth face in accessing legal services (3) how to support immigrant youth in the community.
September 2020		
Effective Discipline Techniques for Parents with Young Children	Wednesday, September 16 1:30 pm to 3:00 pm Register here	The team from the Early Childhood Innovations Center will provide an overview related to effective discipline based on the Family Interaction Training (FIT) Program. This presentation will also provide information on how to know when a child's behaviors need more support and how to connect with local resources, such as linking with providers of Parent-Child Interaction Therapy (PCIT). This webinar is intended for parents or caregivers of young children, including mental health professionals.
Guest Lecture Series and Discussions on Disparities Series: Exploring the Role of Structural Racism in Shaping Behavioral Health Outcomes	Thursday, September 17 1:00 pm to 2:00 pm Register here	Dr. Sharrelle Barber, Assistant Research Professor at the Dornsife School of Public Health at Drexel University, will present on the intersection of "place, race, and health" and how systemic racism impacts behavioral health outcomes.

Open Forum: Lessons Learned	Wednesday, September 23 10:00 am to 11:30 am Register here	Join us as clinicians, clinical supervisors, and administrators discuss and reflect on the lessons learned about implementing EBPs during COVID-19. September will mark six months since telecommuting and mandates for using telehealth services were ordered. We hope to use this time to connect and reflect, but to also celebrate our strong and dedicated network of providers.
