

Provider Bulletin 20-26 November 10, 2020

Community Residential Rehabilitation Host Home

Community Behavioral Health (CBH) will be providing Community Residential Rehabilitation (CRR) Host Home with a rate enhancement to offset some of the additional costs associated with new admissions, especially during these unprecedented times of COVID-19. For all members with admission dates between November 1, 2020 and December 31, 2020, CBH will be reimbursing CRR Host Home providers an additional \$100 per diem for the member's first 60 days of admission.

CRR Host Home providers will receive two separate authorization numbers for all new admissions from November 1, 2020 until December 31, 2020. Providers will receive a regular CRR Host Home authorization, along with a second authorization:

- CRR Host Home will receive a secondary authorization for level of care, **450-10 Host Home Enhancement**, for 60 days

CRR Host Home providers will need to submit a claim utilizing both levels of care in order to receive the enhanced per diem.

Please direct questions regarding this Bulletin to Kristen Vescio, Clinical Coordinator for RTF at Kristen.Vescio@phila.gov and direct questions regarding specific members to your assigned CBH Clinical Care Manager.
