Please state your:

- Name
- Organization

Welcome

IBHS Coordinating Council Charter

IBHS Coordinating Council Charter

Mission:

- IBHS Coordinating Council is to support implementation, facilitate coordination of services, and help provide input on enhancements and changes to the regionalized IBHS model until a first year of demonstrated outcomes.

Vision:

- A quality, accessible behavioral health system will be available for all children who are Medicaid eligible across all settings.
- 

Role and Functions of the Coordinating Council

The group will advise on:

- Enhancements and changes to the regionalized IBHS model
 - The decision-making processes used to determine the allocation of treatment resources for child and youth behavioral health
 - Plans for how IBHS will be delivered in-person for the 2021-2022 school year, with review of the IBHS implementation strategy conducted annually
 - Outcomes that will gauge the effectiveness of IBHS implementation
 - How best to coordinate system partners and come to consensus on roles and responsibilities
- 

Role and Functions of the Coordinating Council, cont.

Individual members will:

- Summarize and share the information from this group with leadership in their respective agencies.
 - (Provider members) Report-out on the CBH, IBHS Provider Implementation Meetings, as needed.
 - Attend consistently, participate actively in the meetings, collaborate, and take part in work groups as needed
- 

Voting

Every official member will be permitted to vote to establish the majority consensus on discussion points

- CBH is permitted one vote
 - School District of Philadelphia is permitted one vote
 - Charter school representatives are permitted one vote
-

Questions?

Updates

IBHS Virtual and Reopening Implementation and Support Plan

- Document outlines expectations for delivery of virtual treatment services
 - Developed collaboratively with CBH, SDP, MDO
 - Shared with providers
 - Expectations by type of service and type of provider staff
- 

IBHS Virtual and Reopening Implementation and Support Plan, cont.

- Plan was updated to capture return to in-person for students in grades K-2
 - Document provides highlights from the School District of Philadelphia's **IBHS Reopening School Guidelines and Expectations** document. That document serves as the final guidance for school reopening expectations and should be followed in addition to this overview.
