organization in the
chat box

Agenda

- I. Updates to the Charter
 - II. EBP Implementation Timeline
 - III. Agenda for next meeting
 - IV. Provider presentations
- 

Charter Updates

Following updates have been made:

- **Voting**

- Each Coordinating Council member will get one vote

- **Provider Terms**

- Providers terms start in September 2021 and will rotate on a staggered schedule every 2 years
 - At the end of every two-year term, Providers seats 1 and 2 will rotate in September (2023). Provider seats 3 and 4 will rotate in March (2024)
 - Seats were chosen alphabetically by agency name
- 

EBP Implementation Timeline

EBP Implementation

- All providers will have access to expert training and consultation in the 3 EBPs over the course of 3 years
 - Provider selection for initial trainings included several factors and feedback from this group is being incorporated
 - The plan is being finalized and will be shared during the IBHS CC in June
- 

Agenda for next meeting

IBHS outcome goals

Desired treatment outcomes include:

- Improvement in clinical symptoms, evidenced by lower symptomatology scores on an evidence-based tool where available
 - Community tenure, with decreased use of high acuity behavioral health services (e.g., crisis services, inpatient, partial hospitalization services, RTF), allowing children to remain in their home communities and schools
 - Enhanced competency, enhancing parent, caregiver, teacher, and school staff sense of competency and self-efficacy to handle children's behavioral health concerns
 - Maximization of children's natural resources to support wellness
 - Improvement in children's school attendance and advancement to the next grade
- 

Provider Presentations
