

Request for Survey Completion

Community Behavioral Health (CBH) has been committed to supporting the provider community during the uncertain times that the COVID-19 pandemic has presented. As was stated in [Bulletin 21-06](#), all providers will fully transition back to a fee-for-service payment structure as of October 1, 2021. Based on feedback from the provider community, CBH recognizes that one of the major barriers to full operationalization and returning to pre-COVID-19 utilization levels is the potential or actualized staffing challenges.

In order to best address these concerns, CBH is requesting that all providers complete [this brief survey](#) by **Wednesday, July 7**. The completion of this survey will give CBH a better understanding of the specific barriers that providers are facing with regard to staffing challenges.

Should you have any questions please reach out to your Provider Representative.
