Agenda

I. Review of Agenda

Dr. Faith Dyson Washington reviewed the agenda and reminded council members to send agenda items to Stacey Golonka by the first of each month.

II. Welcome & Introductions

Members of the council were asked to put their name and agency in the zoom chat box.

III. Continuation of Provider Presentations

The following provider agencies continued their presentation from the last Council meeting:

- Family Therapy and Consultation Services
- CORA
- CCTC
- WES

The providers described strengths and challenges with the IBHS model, especially related to the current workforce crisis. Council members discussed ways to address the workforce challenge and attract new employees.

IV. Outcomes Overview and Utilization Data

Dr. Tamra Williams reminded Council members which outcome goals and measures were in the RFP and the IBHS performance standards. Dr. Williams described the current state of data collection, how data related to evidence-based practices will likely be unavailable until the provider trainings are complete.

Dr. Williams then reviewed IBHS utilization data from August 2020 to December 2020. Council members discussed the significance of the data and asked that the utilization slide on demographics be shared again in the next meeting.
