*IS THE CHILD'S NEED SHOWING UP MOSTLY AT SCHOOL?

First, see if the need can be met with a variety of supports the School District offers. They happen in a framework and school meetings called **Multi Tiered System of Support (MTSS)**.

With IBHS, every school now has an assigned provider! The school's IBHS provider also joins the school MTSS meetings to help with planning for student needs.

↓

The school and IBHS provider might decide together that a student needs more behavioral health services, like IBHS. They can then make a referral.
