

Current Procedural Terminology (CPT) Code Change from 99201 to 99202

OMHSAS has revised and published its Behavioral Health Services Reporting Classification Chart (BHSRCC), which eliminates the use of CPT code 99201. This change is mandatory; therefore, CBH will retire CPT code 99201 effective **December 29, 2021**. For dates of service on or after **December 30, 2021**, CBH will replace 99201 with 99202.

CBH will revise and release updated provider contracts (Schedule A) reflecting the change in coding. This coding change will impact the levels of care listed below.
