

ASAM 3.5 Clinically Managed High-Intensity Residential Services

In accordance with new PROMISE enrollment for ASAM 3.5 (Clinically Managed High-Intensity Residential Services), Community Behavioral Health (CBH) will make necessary contractual changes to reflect the new enrollment.

CBH will collapse levels of care 200-02 Non-Hospital D&A Short Term Rehab and 200-07 Non-Hospital D&A Long Term Rehab to one new level of care, 200-28 ASAM 3.5 Clinically Managed High-Intensity Residential Services, effective July 1, 2022.

Providers currently enrolled as Provider Type 11, Provider Specialty 133 (Drug-Free Residential Short-Term), and/or Provider Specialty 134 (Drug-Free Residential Long-Term) are required to obtain new Provider Specialty 185 for ASAM 3.5 (Clinically Managed High-Intensity Residential Services) by July 1, 2022. Refer to [CBH Provider Notice: Termination of Provider Specialties 133 and 134](#) issued on January 31, 2022, for additional information.

CBH requests that Providers hold claim submissions for service dates **from July 1, 2022, to July 5, 2022, until July 5, 2022**, to allow for the transfer of authorizations. If the new PROMISE enrollment is not active, CBH will not be able to reimburse the Provider for those services until the PROMISE enrollment is active.

Should you have any questions, please contact your Provider Relations Representative.
