## CELEBRATION OF THE YEAR

What are some of the things that we learned, discovered, or accomplished together this year that we should celebrate as a Coordinating Council?

*Please either go to the Linoit directly, write in the chat, or come off of mute and we will add your comments for you:*

From your perspective (as a provider, agency representative, advocate, etc.), what went well this year with regard to the promotion and delivery of school-based IBHS services?

What were your greatest challenges or struggles in the delivery of or access to IBHS services over this last year?

What new or persistent concerns do you have about the start of the new school year (for example, related to the school partnership, access to clients, availability of providers, communication among stakeholders, collection of data, etc.)?

What do you/your staff/your members need to successfully promote, deliver, and/or access IBHS services next year?

What would you like to see the coordinating council address or prioritize as part of the coming year's agenda?

Anything else you want to share or let people know about? What, if anything, do you want to continue to discuss during our August CC meeting?
