

Intensive Behavioral Health Services (IBHS) Reimbursement Modifications

CBH will be modifying the reimbursement methodology for the Regionalized Intensive Behavioral Health Services (IBHS) and Intensive Behavioral Health Services Applied Behavior Analysis (IBHS-ABA) levels of care (LOC) listed below.

Effective April 1, 2025, providers will be required to bill for these services using procedural codes and pricing modifiers based on the credentials of the staff who delivered the service. CBH will reimburse the provider at the fee-for-service rate for staff with those credentials. Please review your contract (Schedule A) for the fee-for-service rate for each credentialed staff member.

Contact your assigned provider relations representative with your questions.

<i>Level of Care</i>	<i>Procedural Code</i>	<i>Description</i>	<i>Unit Measure</i>
