

## **Calendar Year 2025 Pay for Performance Incentive Payment Update**

---

We are writing to inform you of an important update regarding the Pay-for-Performance (P4P) incentive program for calendar year (CY) 2025.

Due to ongoing fiscal challenges, CBH will not be offering a P4P incentive payment for CY 2025. This difficult decision was made to help ensure the financial sustainability of our organization and to ensure the continued delivery of essential behavioral health services to Philadelphians enrolled in Medicaid. CBH will continue to track the P4P metrics and provide agencies with their individual data just as we have historically done.

We remain committed to working closely with our provider network to improve outcomes and advance health equity. While the P4P incentive payment will not be available for CY 2025, we will continue to explore meaningful ways to support and collaborate with our provider network on quality improvement efforts and system innovations.

We will provide future updates as they become available, including any developments related to incentive programs beyond 2025.

Thank you for your continued partnership and dedication to the individuals and communities we serve. If you have any questions, please contact your provider relations representative.
