

Termination of Medication Management Levels of Care

This Provider Bulletin applies to Psychiatric Mental Health Outpatient Clinics who currently have the following levels of care on their Schedule A: Medication Management (300-64), Specialized Medication Management (300-104), and Mobile Mental Health Medication Management (300-161). These specific levels of care are being terminated effective June 15, 2026, to eliminate outdated services from provider contracts (Schedule A) and to prevent billing mistakes.

Should you have any questions, please contact your Provider Relations Representative.
