

Regionalized Intensive Behavioral Health Service (IBHS): Provider Servicing Notifications

This provider notice serves as a reminder to Regionalized IBHS providers that per [**Provider Bulletin 24-20: Changes to Provider Agreement Termination or Service Termination Notice**](#), in-network providers must provide CBH with at least 90 days' prior written notice of the provider's intention not to renew a provider agreement, to terminate a provider agreement, or to terminate a contracted service. CBH is requesting that any Regionalized IBHS provider who has determined that they can no longer effectively deliver this service submit written notice to CBH by February 13, 2026. This will allow CBH to successfully transition services to a new provider prior to the end of the school year.

Additionally, to identify potential interest in program expansion, in-network Regionalized IBHS providers are required to complete the [**Request for Information: Regionalized Intensive Behavioral Health Services \(IBHS\)**](#). All IBHS providers must respond to the RFI, even if the providers completed the previous IBHS RFI. Only providers that respond indicating interest in expanding services will be considered if clusters become available. All Regionalized IBHS providers must submit their responses to the RFI by February 13, 2026.

If you have questions regarding this provider bulletin, contact your assigned Provider Relations Representative.
