

Billing Provider Address Requirements

Please be reminded that when submitting claims, the billing provider address *must be a physical address*. A PO Box *may not be listed* as part of the billing provider's address.

Claims submitted with a PO Box in place of, or in addition to, the physical address may be rejected or denied.

To avoid claim processing delays, please ensure that all submitted claims include the correct physical billing address.

If you have any questions regarding this requirement, please contact your claims analyst.
