

Policy on Sponsorships and Fundraising Requests

CBH values the dedication and hard work of our provider network in supporting the behavioral health needs of Philadelphia residents. We recognize and appreciate the many ways agencies engage with their communities, including through special events and fundraising efforts.

Please be advised that CBH remains unable to provide financial support, sponsorships, or ticket/table purchases for individual provider agency fundraising events. This policy ensures fairness and consistency across our large provider network. It allows us to remain focused on our mission of ensuring access to quality behavioral health services for all members.

While CBH cannot directly contribute to provider-specific fundraising activities, we remain committed to continuing our collaboration with agencies to advance high-quality, person-centered care and strengthen our citywide system of behavioral health services.

Please contact your provider relations representative with any questions.

Thank you for your partnership and for the vital work you do every day in service to our community.
