

ASAM 2.1 and 2.5 Provider Information

This notice summarizes available ASAM 2.1 (SUD Intensive Outpatient Services) and ASAM 2.5 (SUD Partial Hospitalization Services) levels of care offered by in-network providers in Philadelphia. It is intended to inform referring providers about the services available to members. The notice lists provider locations, program and clinical services available at each location, eligibility criteria, and phone/address contact details.

Please note: These provider locations are also searchable by “Level of Care/Facility Type” on the [CBH online Provider Directory](#).
