

## CBH Open Network Update

---

This notice is to inform providers that Community Behavioral Health (CBH) is expanding its open network to include American Society of Addiction Medicine 4.0 Medically Managed Intensive Inpatient Services (ASAM 4.0) and ASAM 4.0 Withdrawal Management (ASAM 4.0 WM) providers, effective Monday, Aug. 12, 2024. Other levels of care previously included remain part of CBH's open network.

Providers offering any of the following levels of care and seeking to join the CBH provider network should use the appropriate link listed below:

- ➔ [Acute Inpatient Psychiatry \(AIP\)](#)
- ➔ [American Society of Addiction Medicine 4.0 and 4.0 Withdrawal Management Medically Managed Intensive Inpatient Services](#)
- ➔ [Independent Practitioners & Group Practices](#)
- ➔ [Intensive Behavioral Health Services- Applied Behavioral Health \(ABA\)](#)
- ➔ [Mental Health Outpatient \(MHOP\)](#)
- ➔ [Psychiatric Residential Treatment Facility \(PRTF\)](#)

Providers can apply to join the CBH network as long as they are licensed by Pennsylvania's Department of Human Services (DHS) Office of Mental Health and Substance Abuse Services (OMHSAS). Please note that a credentialing process is still required to become a CBH in-network provider. Once contract negotiations are completed, providers and programs will receive an initial credentialing visit, which may include a review of staff files, written policies and procedures, clinical records, and a facility tour.

A comprehensive list of documents needed for review can be found in the [CBH Provider Manual](#).
