

## Minimum Unit Requirement

---

Effective February 1, 2025, the minimum number of units that can be billed on any claim must be **at least one (1) unit**. Claims submitted with less than one unit will be denied.

This is being implemented to ensure consistency and compliance with billing standards and state regulations. Please review your billing processes to ensure that all claims meet this requirement before submission.

If you have any questions or need clarification regarding this change, please feel free to contact your CBH Claims Analyst.

Thank you for your continued partnership and compliance.
