

Residential Treatment Facilities (RTF) Value-Based Payment (VBP) Arrangement

The CBH Value-Based model for Residential Treatment Facilities was implemented on September 1, 2022.

CBH is in the process of reconciling payments for the tiered rate for members who were admitted for care on or after September 1, 2022. As a reminder, the Value-Based Payment structure includes three tiers to accommodate a higher rate (+5%) for initial placement (90 days). After 90 days, the rate resumes its standard amount (Base Rate) and decreases (-5%) after six months for general programs and after 14 months for autism spectrum disorder/intellectual disability (ASD/ID) programs. Please reference [CBH Provider Bulletin 22-18](#) for additional details.

CBH's claims system automatically processes the adjustment for members with admission dates beginning 7/1/2023. For members with admission dates that fall between 9/1/2022 and 6/30/2023, CBH will manually process the adjustment to the per diem payment. You will receive a separate notification if you have a CBH member who fits those criteria.

Please send any questions related to the Value-Based arrangement or processing of the claim's adjustment to CBH.VBP@phila.gov.
