

APPENDIX E: EXPECTED OUTCOMES AND MONITORING METHODS

It is CBH’s hope that awarded rate increases will lead to improved clinical outcomes and improved quality measures. Please outline below the outcomes and monitoring methods that are anticipated as a direct or indirect result of the requested rate increase. Please include target dates for each outcome. Additional pages may be used.

Provider: _____ Level of Care: _____

Measure	Anticipated Outcome	Measurement Mechanism	Frequency and Reporting	Target Dates
<i>What is being measured?</i>	<i>Is the measure expected to increase or decrease? By how much?</i>	<i>How is this measured?</i>	<i>How often is it measured? Is it regularly reported?</i>	<i>What are your target completion dates?</i>
